Once the evaluation is complete, the customer will be contacted by Dura Products with the results. If the equipment falls under the warranty period and parameters, it will be replaced with new (if less than 12 months from the date of manufacture) or remanufactured (if 12-24 months from date of manufacture) equipment and returned at no cost to the customer. If the equipment does not fall under the warranty period and parameters, the customer will be provided with an estimate to purchase remanufactured equipment at approximately 60% of the cost of new. All replacement equipment (new or reman) will receive a 12 month warranty. Please allow 2-4 weeks for evaluation once the equipment is received.
